

Curriculum Review Pupil Premium

Intent: what we want to achieve

Children who are in receipt of Pupil Premium support come from a range of backgrounds and present with individual strengths and weaknesses. Our aim is to give every child individualised opportunities, support and resources to allow them to reach their God-given potential. For some children this will include improving their social capital, emotional support or academic support. To be supported to be open minded, tolerant, respectful and aspirational world citizens who, appreciate difference and value diversity.

Implementation: how we will achieve this

- Clear and open communication with the child and their family
- Offering financial support to allow children to engage with all the opportunities of their peers
- Close monitoring by all adults working with the child
- Interventions, support and extension opportunities to be offered to children in all areas of learning and school
- Quality teaching to ensure all children are receiving the best possible education
- Identification and differentiation on all planning to offer the best opportunities
- Offered opportunities to take part in extracurricular activities such as cooking, sports festivals and out of school trips
- A specified adult who is a point of contact for them and someone they can talk to

Impact: the intended outcomes of Pupil Premium

- Pupils will leave the school as resilient learners who have good educational habits
- Pupils will have an awareness of the world around them through experiences provided in school
- Pupils will have high aspirations for their future and possibilities
- Pupils will enjoy learning and coming into school
- Pupils will be emotionally literate and able to communicate effectively.
- Pupils will build healthy relationships with adults and their peers in school
- Pupils will be confident with a strong sense of self
