We came into school and I saw police tape on Elm class door and I felt confused intill miss Evans my teacher expland what hade hapend to Elm class and I felt more comfused. So then miss Evans my teacher lett us have a look insade Elm class and you while soon find out what whille hapen.

The first thing I sore was all the tabils and chers where flipt over on the floor and I saw an astroyed on the floor and ritte next to it was grean goo or grean slime. I saw some alien silver clothing left behined. Lots of horid henry bookes all over the plase and also there was a light shaying at the witte bord.

I think we shoued put cctv camras in Elm class to see if they come back agen. I hope you reseav my letter.
